President's Message

Greg Turner/Turner Duran Architects, LP

Congratulations to our newest board member, Adam Traweek! Along with returning members Rosemary Gambino, Jim Vaughn, and myself, Adam was elected by the membership at the annual meeting, our membership luncheon, on September 12. What you might not know about Adam is that he was a pitcher for the Rice University baseball team. He majored in economics at Rice, and is now with Amegy Bank. Welcome to our board, Adam!

Adam will be replacing Michael Montgomery in position #1. As he retires from our Chamber's governing body, we thank Michael for his years of service, and for his and wife Janet's unwavering support for our work. We are very grateful, and look forward to many more years of involvement by Michael, but in different ways!

While we are on the topic of changes in the board, we have also regretfully accepted the resignation of Marla van Overbeke. Marla's ideas, energy, and smile will be missed at our board meetings. But we know we'll still see her at many of our Chamber functions. Thanks for your service, Marla! There will be an announcement soon regarding her replacement.

Please remember our annual banquet on November 12. The Appreciation Award winners will be announced soon, so be on the lookout.

Please also remember to keep in your prayers our neighbors and fellow Texans who have been impacted by the destructive wildfires. And, with the recent anniversary of the 9/11 terrorist attacks on our nation in mind, please keep the victims of that infamous attack in your prayers, and pray for the success and safety of our armed forces in their battle against the evil ones perpetrating such deeds.

industrial parks, transfer stations, recycling facilities and solid waste landfills. The leadership of Green Group Holdings has designed and executed successful development projects under the names GreenFirst, LLC and Greenbow, LLC. Many projects are anchored by a landfill and recycling center and also feature an industrial or commercial business park attracting more businesses to the community, providing tax revenues and local jobs. Green Group Holdings' experts specialize in the environment, engineering, local government, and public relations to handle the complicated permitting and communications process for each project. The Green Group Holdings recently filed a permit application for Pintail Park, a proposed mixed-use development and industrial park that will be anchored by Pintail Landfill at a site approximately one mile north of Hempstead. Pintail Landfill will be a highly engineered, environmentally-friendly waste management facility that will provide annual revenue to Waller County in the form of host fees and taxes, good paying jobs and new business opportunities for local contractors and service providers. Pintail Landfill will include a landfill, construction and demolition debris recycling facility, and a green waste composting component, and will include a 200-foot buffer of trees and vegetation on all sides. October 11th Chamber Luncheon

Mark your calendars now for the October 11th luncheon which will be held at Galileo's Mexican Grill in Pattison. Waller County Pct 4 Commissioner Stan Kitzman will be the guest speaker – and he will have much to speak about. Stan has been more than a full-time commissioner since taking office in January 2011, meeting the unprecedented challenges facing Waller County – including the struggle to manage growth on our terms and to have in place the infrastructure to support the changes to come, and most recently dealing firsthand with the devastating Waller County wildfires.

Stan grew up and spent his life in southern Waller County, as a Royal Falcon, small business owner, high school teacher and father. Public service has been a constant part of his adult life. His life experiences here, at Texas A&M, 20 years in the Texas National Guard, including three combat tours in Iraq, have reinforced his commitment to protect private property rights, individual's freedoms, and to keep Waller County the best place to live, work and raise a family.

August 18, 2011 - Brookwood Community's latest entrepreneurial venture, The Art Gallery at Brookwood, was celebrated with a Ribbon-Cutting with the West I-10 Chamber, friends, staff, and Brookwood Citizens. Guests had an opportunity to view the one-of-a-kind original art pieces and were treated to coffee, scones and muffins from the Café at Brookwood and welcoming words from Brookwood founder, Yvonne Streit. Mrs. Streit was assisted by (left-right) Gallery Manager Judyanne Durkin, Executive Director Vivian Shudde, and Director of Operations Nancy Cathey. Click [here](#) for more photos.

September 13, 2011 – Chamber Luncheon/Meeting at La Quinta/Brookshire was packed to hear Dan Byfield, CEO of American Stewards of Liberty, speak on private land rights and his advocacy to protect them. Dan is testimony to what can be accomplished by a very small group – and we were especially appreciative that he created the time to travel to Brookshire to share his experiences with us.

Special thanks to Enterprise Bank, Texas Landman, and Waller County Fair Assoc. for providing the door prizes - and to Adrian Alaniz and his crew from Galileo's for their great catering and cuisine – and to all the members and guests who attended and participated in the meeting and annual elections of directors!
